Dear Hiring Manager,

I am writing to express my interest in the intern, Web Developer position at Shinhan Bank Cambodia. As a second years Web Development student at Passerell Numeriques Cambodia. I am very interest and enthusiastic to gain more knowledge, experience from this opportunity, and contributing with team focused on impactful to become to be a professional.

Through my academic journey, I have built a strong background in web development, with proficiency in HTML, CSS, SASS, JavaScript, PHP(MVC concept), and MySQL. I also have foundation knowledge of React.Js, Node.Js, and RESTful API development. I have applied these skills in a variety of projects, include Service Cleaning web application, where I took on the role of Full-Stack developer. In addition, I have developed systems, and websites such as a Library Management System, Music Player App, and Personal Portfolio. These experiences have strengthened my ability to design, develop, and deploy complete web application while implementing essential features and functionality.

I am particularly drawn to Shinha Bank Cambodia because I am excited to gain hand-on experiences in the professional work environment while further developing my technical and interpersonal skills. I am especially interested in your company's innovative work and would greatly value the opportunity to learn from experience developer while contributing to meaningful projects.

I am confident and believe that I would be a valuable addition to your team. I am a quick learner, dependable, able to work effectively both independently and collaboratively. I am decided to producing high quality work, meeting deadlines, and continuously enhancing my technical expertise and professional growth.

Thank you for your time and consideration. I sincerely appreciate the opportunity to apply look forward to hearing from you.

Sincerely,

Rathana SOKHA
